Love it

By amy

We got this book as a gift for our baby and he loved it . Can't blame him the book has 28 colorful pictures ,the animal's name in big font ,and some questions in some pages with extra tiny pictures too. I'll definitely recommend it to my friends

The animals look very strange..

By Nicholas Collins

This book has nice bright and bold pictures and the book itself is very durable. However, the drawings of the animals are a bit off.. Who has ever seen a blue, yellow, and red bumble bee? It's almost as if the artist has never seen these animals before.. Thankfully I got this cheaper somewhere else.

Love it

By C. Gong

We purchased our first Baby's First Library: Farm from Marshall, and my 10 month old baby girl love flipping the pages and look at the pictures. However, Marshall only had that one, so we bought the rest of the Baby's First Library books from amazon.
