BREAK (BILLIONAIRE NEW ADULT ROMANCE) BY VANESSA WALTZ PDF

What if a handsome billionaire offered you thousands to pretend to be his girlfriend? And what if you started to believe the lie?

Jessica has never had a boyfriend, and that's just how she likes it. She's still trying to rebuild herself from a sexually abusive past, and a guy - no matter how gorgeous - would only mess up the fragile balance of her life.

Almost-billionaire Luke Pardini is gorgeous, that's for sure. He's also desperate. His dying father thinks he's too irresponsible to inherit the family estate, and Luke needs to convince his dad that he's grown up and ready to settle down with a girl. Any girl.

With five billion dollars at stake, Luke can't mess this up. But as he pretends to date Jessica, he finds himself drawn to her more than he'd like to admit. He has been hurt too many times to count, but Jessica is the one person who makes him feel safe. It could have been a Cinderella story, but both of them made a promise that their relationship was just for show, and neither of them is going to step over the line.

When Jessica's secret past emerges on the front page of the tabloids, his dad threatens to disown him if he doesn't sever ties with her. If their relationship was only a charade, the solution would be easy. But if it's not...

LOVED IT!!

By R. Tryon

I truly loved it. Like most new adult romances, both characters have painful backgrounds. Jessica had an abusive childhood and refuses to trust men. Because of his wealth and status, Luke finds it impossible to trust anyone without a non-disclosure agreement. Luke seeks Jessica from a dating website in order to fool his abusive father into thinking he's settled down.

Jessica's blunt personality had me laughing out loud but there were moments (when she's reliving painful flashbacks) that made me want to cry. She has been through a lot in her life, and even though Luke was born into privilege, so has he. The story moves **REALLY** quickly and I couldn't put it down. I **LOVED IT!**

A very enjoyable read

By Miss Heidi

I received an ARC from the author in exchange for an honest review.

I really enjoyed this book for the most part. It is very well written and even has a plausible storyline.

An out of work girl named Jessica has reached her limits. Her English degree is getting her no where and she desperately needs to make money to pay her bills. After one bad turn follows another, she finds herself signing up for an escort service that matches girls with wealthy men to act as their dates. She is weary but desperate so she signs up and quickly gets a few responses. She does not feel comfortable with the first few, they gave her a creepy vibe. She eventually responds to one that does not freak her out. They meet, and she decides to go for it.

Her new man has a lot of issues from his childhood and does not trust anyone. She feels a kindred spirit with him because she has her own demons lurking in her closet as well. For a time, everything is alright. Then she meets his dad. He is holding Luke's inheritance over his head. They have never really talked things out, so both father and son have the wrong idea about each other.

The whole thing blows up in Jessica's face when her past comes back to haunt her. Luke goes running for the money, and Jessica is left to pick up the pieces. Or does she?

The reason I give this book 4 stars instead of 5, is because I was a little let down with the ending. There was room for more of an awakening for Luke, and the rest of the story was so well written that I was disappointed in the quickness to the ending. It would have been better if the reader was left feeling that Luke really learned anything. It did not feel that was the case. But all in all it is a very entertaining quick read. I would recommend it to anyone who likes when the kids who had it hard come out ahead.

Rags to Riches and so much more...wonderful!

By Chasmmm

A new author for me and I'm simply delighted to have discovered the story of Jessica and Luke so well told by Miss Waltz.

Our heroine comes from a tough place and every choice she makes in her life is a reflection of her difficult past. Still, her hard heart melts and freezes and melts yet again for a man who is forced to make his own hard choices.

Does he choose a safe and secure future, or will he risk it all for a love he cannot deny? Ha! Well, I'm not saying anymore except that the book finishes well without any dangling bits...and I'm left with a happy glow, hoping that this author won't take too long until her next book. If it's anything like this one, then it'll be on my insta-buy list.

Highly, highly, full heartedly recommended!
