Over too soon

By J. M. Cornwell

As with all colored pencil magazine magazines what I learned is a lot and what I miss is that it's just not long enough. The tips are great, especially when called when adding color for animals. I love the challenges. I also love seeing other artists' work.

Five stars, great articles, vivid photographs, a resource I will reference for a long time. Not overly stuffy, nor does it feel dumbed down. Useful.
