Well Designed and helpful RPG System for Star Trek TNG scenarios

By Andrew J. Davis

This is a nicely designed presentation and a highly accessible game system for Star Trek TNG scenarios. It uses D6 in the ICON game system, and is very easy to teach to even beginner RPG players. The tables are readable and the approach is flexible enough to support a wide variety of scenarios. The Tactical chapter is quite limited, except for specific character actions and individual combat, so I use a combination of Starfleet Battles and the Star Trek Fleet Captains system for all starship tactical maneuvers. Despite this gap in starship operations, this book overall it is a fine product.

Star Trek RPG!

By Rev. F. Anthony Claxton

One of the best RPG series out there, still to this day. For the fans of Star Trek Role Playing Games this book is a must. This is the first from Last Unicorn Games, it launched the the company off in style.

A solid, dependable core book.

By W'raa

As this is purchased to replace a missing book, I knew what I was getting. The book is good, solid, and the rules are very versatile. My biggest complaint with the book as it was then, was that the text is crammed on to each page and can make reading it a bit difficult at times. Beyond that, if you want to play in the Star Trek TNG era, this is the book to have.
