wonderful read

By Adam C. Dave

Great novel by a modern master. I am so inspired by Huxley. Both his fiction and nonfiction are just lovely works to read. And this earlier novel (it predates Brave New World) though hard to come by is definitely worth the find. The plot is not exactly of the "page turner" variety which is fine: it's not so much about what happens as it is about those characters things happen to. Huxley lays bare the inner workings of his creations' minds like Dostoevsky at his finest. Highly recommend!
