Good guide for ANY age user

By Anne Norton

Although the title is a little demeaning, this is a good basic overall Facebook guide for ANY user. Since Facebook's own "Help" isn't at all helpful, in my experience, it's nice to have this book for both basic and advanced questions. Nicely organized, too.

This book has saved my life. It assumes the reader knows nothing so no steps are left out. Clear instructions and explanations. Good labeled pictures. Now I can enjoy facebook instead of facing a big mess.
