Shouldn't be classified as a book.

By bored reader.

This story was sooo short it shouldn't be classified as a book. You get started reading and surprise, your done! The material was interesting, but even an essay would give you more historical information than this book did. A waste of money.

I think this is a good short story

By Rochelle L. Holt

I think this is a good short story. It would also make a good novel, but it is too short. The writing is fine and I'm interested in the girl who captures the elder's memories re sharecropping. A part of me wondered if the interviewed was the grandmother of the interviewer which would make it wow. That's what it needs, a conflict, a peak, etc. I think this would be a dynamite novel.

... told the story of what could have been a sad life, but made it almost matter of fact ...

By B Mayers

Orphan Girl told the story of what could have been a sad life, but made it almost matter of fact instead. The narrator maintained a positive outlook and appreciation of life even though she could have chosen a much different attitude toward her difficult life.
