Quicksilver

By Matthew Henderson

I needed this book for one of my recreation and leisure courses and it is a great book filled with group/team related activities. The book was in good condition.

Another Rohnke Winner!

By Kent Hutchison

This is another Karl Rohnke winner. If you work with experiential learning (either with kids or adults) this is a great book to have in your library. This book contains a lot of old activities as well as some new ones. As with a lot of experiential activities -- it's great to have the procedure written out. This book is well worth the price.
