Elizabeth Hartman is about to be fired. She had been wrong to assume that her no-nonsense billionaire boss, Jackson Bentmoore, would appreciate the changes that she had made to his detailed plans. When she begs for her job, the hardheaded owner of a horse ranch can't deny that her deviations had been nothing short of brilliant. On a whim, he agrees to strike a compromise.

He will offer her a promotion to the position of her choice, if she pretends to be his strong minded fiancé for three weeks. His goal is to prove to his friends that he can branch out from the flimsy models of his past and finally date an intelligent woman who will keep him on his toes.

Unable to turn down the offer, Beth agrees to the scheme.

What neither of them expected was that pretending to be a couple in love, comes a little too easy. When the pair decides that they don't want to pretend any longer, will the playboy's ex-girlfriend wreak havoc on his life? Does Beth have what it takes to best the schemes of the maniacal model? this is a true romantic story I've ever read Abby just a secretary and Jackson a handsome sexy billionaire she was getting to get fired for not listening to her boss at first then he realized how much everyone had liked the event so instead of firing her he had a plan to fake an engagement for a few weeks that turned out to be somewhat crazy and sweet you'll have to read the book to find out more I love this romantic playful story line incredible worth reading The Author Veronica Sexton knows what she's doing to make it a real page turner very recommended!

Good quick cowboy story

By Rielle

Cowboy / secretary tale of fake wedding engagement that turns into something more. Moments of drama, lots of description. Could have benefited from some editing but still a good quick read if this is the kind of thing you're looking for.

Not great

By Karen Marinelli

A simple and nice-enough story, but the typos and homonym errors are inexcusable.
