One degree of separation...

By Wanda B. Red

The question is not whether to read the Canterbury Tales, but whether to read them in this translation -- or whether to go for the Middle English with all its difficulties.

I'm a purist. As a Chaucer teacher myself, I'd say read the tales in the Riverside Chaucer or in the Norton Critical edition with lots of footnotes. But, yes, that is harder, and I'd rather see readers get some experience than none.

So, if you are going to compromise, Nevill Coghill's poetic translation is really as good a place to go as any. You will get the basic sense of Chaucer's verse; you'll get the basic rhymes and rhythms too. This is the translation that's used in most high school classes, and in many college survey classes that don't read the text in the original. It's really a fine compromise -- not only a good place to start, but also a decent trot if you are struggling with the Middle English.

You can find some closer translations of some of the tales online if you look up Michael Murphy's websites. But for all their virtues, they don't have the smoothness of Coghill's renditions; Murphy's translations are not the complete Tales; and it's clunky to print them out. This economical edition is probably still the best place to start with Chaucer, father of English poetry and the originator of comedy in the English language.

this is the best version for the Kindle (Paperwhite

By hannism

In my humble opinion, this is the best version for the Kindle (Paperwhite, Voyage) or the iPhone (4.7 screen or smaller).

There is also a side-by-side version of this text, which would be better for a Kindle Fire or iPad, iPhone (5.5 screen).

This has a comparative version and a modern version. It is very easy to read and understand. Middle English although poetic, can be overwhelming. The Canterbury Tales is a masterpiece, and deserves a place besides

Shakespeare.

By Questor

My 10YO son loved this and thoroughly enjoyed Geraldine McCaughrean's Chaucer update and the humor in the stories. He wanted to read more of her stories when he was done. (Next up was Peter Pan in Scarlet, which he also liked.)
