This curriculum is designed to help you succeed in applying and promoting single strand semi-permanent eyelash extensions. This manual will give you all the information you need while you begin your lash training journey and is designed to give you the most extensive and complete curriculum on the market. This curriculum focuses on natural lash health and best practices, not on promoting a brand. The information in this manual contains up-to-date information and materials as of the time of publishing, however, we are discovering fresh techniques and training all the time in this new and exciting field and I encourage you to keep growing and discovering new information. This manual is not intended to replace a hands-on, professional certification course. For beautiful eyes, look for the good in others; for beautiful lips, speak only words of kindness; and for poise, walk with the knowledge that you are never alone. it shows you what good lashes look like and what bad lashes look like ...

By Amazon Customer

I am new to eyelash extensions and after reading this book I feel very confident to start practicing on a maniquin and soon a few of my friends, it shows you what good lashes look like and what bad lashes look like the book is all in color except for 4 small pictures (I'm only bringing that up because some of the reviews state that it's not in color and I think they were made before the book was improved, also the black and white photos were hard to see what the issue was) the book gives example client lash tech paper work to go off 1, history of lashing, in depth allergy precaution, business building advice, it gives step by step in depth lashing technique even advice on what you should consider on products to buy. I really enjoyed reading this it was quick and easy!

A must!!

By Michelle

Arrived sooner than expected. If you're beginning a new career as an eyelash extension tech, this is definitely the book to get you started. Very informative, detailed instructions with color pictures as stated. I would definitely recommend purchasing this book.

Good read

By Tamika Tatum

This book is great for beginners I've been doing lashes for 5 years and it's a great read. Bought for a friend to get to know how to start lashing. The only thing I wish is that it would have had more about the eye and infections of the eye.
