A must for any fan of The Legend of Korra

By Roar

If you are a fan of The Legend of Korra, this collection of posters is a must for anyone who is a fan of our girl from the Southern Water tribe, you won't be disappointed.

The book is well printed on thick stock paper, and the artwork is printed individually/one side only, so you will not have to choose which side of the art to display, and features concept art from all four books as well as ancillary media used to promote the show.

For example, if you were unable to attend any of the large comic conventions such as the New York ComicCon, or the queen mother, San Diego ComiCon, there are a few reproductions of posters from those venues- NYCC, featured on the cover of the poster book itself, as well as the poster from book three featuring the Red Lotus characters, the Avatar, and two of the new airbenders from Earth Kingdom, and there is even a print of the first poster Nickelodeon issued in 2012 before the show even aired featuring Korra looking over her adopted home, Republic City.

There are a few prints in the book that aren't so spectacular, but that is just my taste, as I wanted to see more characters in print, rather than a large background painting of the banyan grove tree standing proudly of the swamp, or wide shots of Zaofu. I wish that the book included the poster "New Friends" that featured the new Team Avatar, or Hiroshi Sato's photo of he posed with his wife Yasuko, and daughter Asami when they were a whole family untouched by a horrid act of violence.

Hopefully, the lack of this artwork only means that we will be treated to the opportunity to purchase a second, or perhaps even third collection of Legend Of Korra art, but for now the lack of those images are made up for by the presence of two extremely rare, and special works, Korra's spirit parade, which was a limited edition print limited to only a few hundred copies, and the rendering of the post series image painted by Brian Konietzko, which the fandom has dubbed "Turtleduck Date Night" featuring the endgame romantic pairing, which was also a limited edition offering.

I can't say that I absolutely love each inclusion in the book, Meelo's self-portrait for example, but the book isn't meant to cater to everyone's tastes, but to serve as a sampler for everyone to have an opportunity to enjoy a quality image of material that they may not be able to find because it wasn't issued for widespread ownership, or acquire the originals of, because of the ballooning collector's market for this show's memorabilia.

In short, this is a high quality collection of artwork from this show that everyone who is a fan, will be able to draw some enjoyment from in one form or another.

I bought two of them, and I believe I might have to purchase another, y'know, just to be safe.

BEAUTIFUL art and not double sided!

By Caroline

BEAUTIFUL!! The art and the pages it's printed on are just gorgeous and high quality. The other wonderful thing is that the pages aren't double sided like most poster books! Couldn't be happier :)

Perfect

By Kristen D.

Absolutely stunning. The artwork is amazing, and I love that it has Meelo's self portrait from season 4. And the Date Night picture! I'm seriously going to rip half of these out to be framed. Korra art on every wall!
