Must Read Crime Story

By CLewis

This crime short story is an easy read with likable characters. If you want to be entertained, then this is the short story for you! Mr. West pulls you in at page one, you immediately bond with Ryan as he learns his fate with the firm. The dialogue between friends throughout the book is humorous as they attempt to solve the mystery, while keeping each other out of trouble. I didn't want it to end ... I hope there are more books in the series, this is definitely a WINNER!!!

Must Read!

By Tooth Doc

If you like funny crime short stories, you should definitely get this one. I laughed at these characters all the way along as they bumble around to keep one of them from facing a murder charge. It's a really good buddy story involving hilarious amateurish but effective detective work. Very enjoyable.

The Next John Grisham

By Kara Thompson

The Massive Hole Theory is a quick, fun read! As a former law firm lawyer, I could really relate to the main character. Everyone who has ever been frustrated with their bosses can relate to Ryan's thoughts and put themselves in his shoes when his venting gets him into trouble. Unlike some mysteries, the real killer is not obvious and the ending is satisfying. I think Michael West is the next John Grisham. Looking forward to the

next one!
